CATALOG DISCLOSURES

Publication date: January 22, 2019, updated June 25, 2019

The information contained in this catalog was accurate at the time of publication. Following publication, any catalog information may change without notice, including without limitation, the information regarding tuition, fees, costs, class schedules, the student calendar, the program outline, the course descriptions, curricula, faculty, advisory committees, student services, administrative policies, program objectives and career opportunities for graduates of the program. New courses as well as course changes are included in this edition of the catalog. Students pursuing a Certificate under a previous edition of the catalog should refer to that edition to determine course requirements for their program.

This catalog is published to inform students and others of Images Enterprises' academic programs, policies, calendar, tuition, fees, administration, and faculty. The information provided is current and accurate as of the date of publication. Images Enterprises cannot assure that changes will not occur that will affect this information.

Images Enterprises reserves the right to make changes within the term of this catalog, which may affect any of the information published, and to make such changes, if necessary, without prior notice to individual students. As such changes may occur, these will be published in a catalog addendum, which should be regarded as an integral part of this catalog.

In this Catalog, the words "Student", "I", "me", and "my" means the person who has applied, has been accepted, and/or who is attending Images Enterprises LLC in one of the education programs described in this Catalog. The words "Institute" and "school" means Images Enterprises LLC.

Images Enterprises expects its students to read and understand the information published in this document and in any subsequent addenda identified as belonging to this catalog. Failure to read and understand this catalog will not excuse any student from the application of any requirement or regulation published herein. Furthermore, it is the responsibility of each student to remain apprised of current graduation requirements of his/her program.

Images Enterprises makes all decisions regarding recruitment, hiring, promotion and all other terms and conditions of employment without discrimination on grounds of race, color, creed or religion, sex or sexual orientation, gender identity, genetic information, national origin, age, physical or mental disadvantage, or other factors, which cannot lawfully be the basis for an employment decision.

Images Enterprises affirms its policy of administering all educational programs and related supporting services and benefits in a manner that does not discriminate because of a student's race, color, creed or religion, sex or sexual orientation, gender identity, genetic information, national origin, age, physical handicap, or any other characteristic.

Reservation of Rights

The Institute reserves the right to:

- Modify existing or new programs by addition, deletion or variation
- Re-schedule or consolidate classes
- Change faculty members by replacement or substitution
- Relocate facility, within reasonable distance

ABOUT IMAGES ENTERPRISES LLC

Mission

Provide quality education and training to help you advance in your career or get the career you want.

Images Enterprises LLC (“the Institute”) exists to provide quality career education, in multiple employment industries, that is relevant to both the current and prospective needs of the community. The entire team of the Institute is dedicated to student success.

Objectives

- To help students achieve a superior level of basic skills in program areas.
- To provide variable and accessible training opportunities that stays current with today’s needs.
- To hire faculty members who are industry experts that have demonstrated professional and academic expertise in their respective fields.
- To deliver educational support services that meet student life demands and schedules.

About Us

Images Enterprises LLC is a professional vocational training institute based in Arizona, locally owned and operated since 2008. The owner partners of the Institute have the necessary experience to ensure students receive the right training to get their career started. Faculty members are licensed as appropriate and have multiple certifications and many years of experience in their respective fields of instruction.

Institute is a licensed testing facility for various software programs. Students are not required to take their certification exams at the institute.

Ownership & Board of Trustees

Jacqueline Fisher owns 100% of Images Enterprises LLC and is the sole member of the Board of Trustees.

Statement of Licensing

Images Enterprises LLC is licensed and regulated by the Arizona State Board for Private Postsecondary Education.

Arizona State Board of Private Postsecondary Education
1740 W. Adams, Suite 3008
Phoenix, AZ 85007
Phone: 602-542-5709
www.azppse.gov

Statement of Non-Accreditation

Images Enterprises LLC is not accredited by a nationally recognized accrediting association or any accrediting body.

Facilities and Equipment

The facilities and equipment are in compliance with all federal, state and local ordinances and regulations, including requirements for fire safety, building safety, handicapped access and health.

Institution Management

Jacqueline Fisher	Owner, School Director & Program Director, Permanent Makeup Programs
Chris Fisher	Program Director, Construction and Landscape Programs
Vera Talbot	Administrative Assistant
Michael Berry	Administrative Assistant

Delivery Methods

Institute offers online training, hybrid, and in class training. Classes are instructed by certified professionals. All classes include demonstration, study and practice in an environment appropriate for the field of training.

The instructor provides assistance by integrating technology into instruction and emphasizes student-centered learning and by placing more responsibility on the students to take the initiative for meeting the demands of various learning tasks. The method of instruction includes lecture, discussion, audiovisuals, return demonstration, group and individual conferences, group and paired activity and practical/lab (salon) experience.

For online programs, training begins with Matrixlms, which includes online training for the program. Program may advance to Certiport's GMatrix online training, which includes online training for computer software (QuickBooks or Microsoft Office Specialist).

Matrixlms online training can be taken on any computer, tablet, or smart phone. High speed internet or Wi-Fi is suggested.

Certiport GMatrix online training programs require Windows based software. Apple computers or Google computers will not work with the Certiport online training programs. High speed internet or Wi-Fi is suggested.

QuickBooks 365 Software require Windows based software. Apple computers or Google computers will not work with QuickBooks 365 Software.

Information Applicable to All Permanent Makeup Programs

The following information is applicable to all permanent makeup programs.

Admission Requirements

A prospective student must meet the following requirements:

- Be at least 18 years of age.
- Be able to read, write, speak and understand English.
- Provide proof of High School Diploma OR GED or equivalent OR Pass the Wonderlic ATB test with a score of 12 or more administered by the Institute.
- Completion of a general questionnaire.
- Complete a personal interview with an admission representative to discuss entrance requirements for the training program and various aspects of the program including, but not limited to tuition and fees, financing options, and entrance requirements.

Enrollment Process

Upon receipt of the completed questionnaire, verification that the student has met the minimum admissions requirements, and completion of the admissions interview, the Institute will qualify a prospective student for admission. Upon notice of acceptance, the prospective student will be required to complete the application form and enrollment agreement. If a qualified applicant is not prepared to enroll at that time, he/she may return to the Institute at a later date to complete the documents.

The student must sign an Enrollment Agreement in which the Institute and the Student agree to the conditions of the educational services provided. Included in the Agreement is language regarding the following:

1. The student's intent to enroll is based solely on the written information, policies, and program information contained within the Institute's published documents (Catalog, Enrollment Agreement, and Training Waiver and Consent Form) and these documents supersede any prior or contemporaneous oral or written statements, including advertising. These written policies and procedures may not be modified without the written agreement of the Institute President.
2. Regulations to engage in permanent makeup techniques taught in this program vary by local/municipal, county, and state governments. The Student is responsible to research the local/municipal, county, and/or state laws, regulations, and practical licensing requirements and facility permitting requirements for this program of study for the geographic area that he/she wishes to

practice. If licensure is required, it is illegal to practice permanent makeup techniques without proper licensure. The student agrees to hold the Institute harmless of all responsibility in the event the Student cannot achieve a license to practice.

3. The Student understands that process to become proficient as a permanent makeup artist, cosmetic tattoo artist, tattoo artist or to give body piercing will take more time and practice than what is offered in this program. Students are encouraged to keep gaining experience and maintaining a portfolio of their practical work.

Tools, Equipment and Technology Requirements

Tools and equipment needed for classroom skills training are provided by the Institute and are available in the Permanent Makeup classrooms.

Stations:

Two (2) students are assigned to each station. A station includes:

- Examination Stool
- Hydraulic Couch/Massage table
- Permanent Makeup Machine with assortment of needle PIBBS Complete Skin Care System Machine
- Digital Camera for before and after shots Heavy Duty Trolley (stocked with supplies)

Supplies:

One set of supplies is available per 13 students. Supplies include the following:

- Sharps Containers
- Hospital Grade Disinfectant Container and Chemicals
- Blood Spill Kit Micro brush
- Sharps Container and Gloves A & D Ointment
- Cotton Rounds Machine
- Ink Cups
- Ink Cup Holder Bibs
- Bib Chain
- DiCide Wipes or Sani Cloth Wipes

Special Program Features

Students must understand that all hands-on classes require live models and that it is their responsibility to provide one.

Liability Insurance

The Institute's liability insurance covers students when practicing on live models in school's lab or classroom.

American Institute of Intradermal Cosmetics

Instructors of all permanent makeup programs at the Institute are certified as instructors by the American Institute of Intradermal Cosmetics (AIIC), a recognized certification facility for Permanent Makeup Training. This is an

Basic Permanent Makeup Program

important benefit to students of Images Enterprises LLC, because it is a critical requirement in order to be employed as a Permanent Makeup Professional in most doctors' offices and salons. This is because in order to work as a Permanent Makeup Technician in these businesses, one must have professional liability insurance. Professional liability insurance is only granted to Professionally Trained Certified Technicians, and in order to become an AIC Certified Technician, one must have received their permanent makeup training from an AIC Certified Instructor or Eii Certified Instructor.

Graduation Requirements

- Pass all required courses and exams
- Fulfill all financial obligations to the school.

Requirements for Graduates to Practice

There are no national requirements for graduates to practice permanent makeup and there are not currently any laws or regulations related to opening a permanent cosmetic makeup studio in Arizona.

Permanent makeup, however, is regulated in other U.S. states by boards of cosmetology, state health departments, or other state entities. Therefore, it is each student's responsibility to learn the requirements to work as a Permanent Makeup Technician in the state in which they plan to practice before enrolling in training.

Graduate Employment Opportunities

- Offices of Physicians
- Offices of Plastic Surgeons
- Offices of Dermatologists
- Offices of Ophthalmologists
- Personal care services
- Health and personal care stores
- Self-employment
- Beauty Salons
- Medical Spas
- Resorts

Images Enterprises LLC does not guarantee job placement.

Tuition and Fees

Please see the tuition and fee schedule for complete details on the tuition and fees for each permanent makeup program. Also, please see the Refund Policy for more information on which fees are refundable in the event that there is an interruption in enrollment.

Program Description

Students learn the fundamentals of permanent cosmetics. This beginner course is an excellent introduction to the exciting and rewarding career of permanent cosmetics. This information-packed class includes Blood-Borne Pathogens, Sterilization and Sanitation and Proper Pen/Machine procedure. Lectures cover health considerations, color selection and tips for beginning technicians.

Program Overview

- 40 clock hour program.
- All coursework is offered in an online learning format.
- This program is not hands-on.
- Graduates receive a *Certificate of Completion* from Images Enterprises LLC.

Occupational Objective

Graduates will be prepared to obtain employment as an entry-level Permanent Cosmetic Technician or continue education in the field of Permanent Cosmetics.

One (1) clock hour. Students learn how to create beautiful eyeliners using multiple colors that create a soft, subtle effect that will enhance a client's appearance.

PMU 08 Traditional Lips, Video, Demonstration

One (1) clock hour. This video covers techniques, product knowledge, color selection and tips for vibrant lips in minutes.

PMU 09 Student Simulated Practice

10.5 clock hours. Students practice with inks, pen and machine on simulated skin or orange/grapefruit.

Complete Permanent Makeup

Program Description

This program covers cosmetic permanent makeup history, safety, color theory, application, client consultation, and business marketing. Students are taught to use cosmetic permanent makeup machines as well as hand (non-powered) instruments to apply basic eyeliner and perform eyebrow and lip procedures, with safety and quality being top priority.

Complete Permanent Makeup is a hands-on program that consists of 60 clock-hours of professional training in a hybrid online / in-class format. Students spend the first 5 days of the program receiving online instruction, and then come to campus for 2 days of in-class learning and practice on live models while a certified American Institute of Intradermal Cosmetics (AIIC) Permanent Cosmetic Instructor supervises, gives tips and provides instructions. Students understand that all hands-on classes require live models and that it is their responsibility to provide one.

- 60 clock hour program.
- This is a hands-on program.

Deluxe Permanent Makeup

Program Description

Students learn the art of permanent cosmetics. This program includes step-by-step instructions, hands-on procedures and live demonstrations of permanent eyebrow, eyeliner, and lip liner procedures. Lectures cover health considerations, color selection, insurance, general application, tips for beginning technicians, consultation topics, communication, marketing and procedure techniques.

An American Institute of Intradermal Cosmetics (AIIC) certified instructor supervises as students perform eyebrows, eyeliner, and lip color procedures in a small group setting. The program covers advanced techniques, paramedical applications, and step-by-step instructions for areola and camouflage procedures. Lectures also include color theory, color correction, and tips for eliminating time and touch-ups. Business building and marketing techniques, as well as working with physicians are also covered. Students participate in hands-on procedures, including tattoo removal, eyeliner (including mucosal), hairline stroke eyebrows, and full lip color procedures.

Program Overview

- 100 clock hour program.
- This is a hands-on program.
- Course work is offered in a hybrid learning format with in-class and online professional training.
- Graduates receive a Certificate of Completion from Images Enterprises LLC.

Students who are seeking to obtain their Master Certification who have 5 years of experience in the field may qualify to take their certification exam. This is a hands-on class and is preferred by all Doctors and Insurance Companies.

Occupational Objective

Graduates will be prepared to obtain employment or become self-employed as a Permanent Cosmetic Technician.

Special Program Features

Students must understand that all hands-on classes require live models and that it is their responsibility to provide one.

One (1) clock hour. Skin Types, Procedure Complications, Patch Test, industry of permanent cosmetics.

Sanitation and Blood Borne Pathogens

8 clock hours. Blood-borne Pathogen that is required for all personnel who work with human blood or blood products or human tissues, fluids, or cells that are considered potentially infectious materials. Online Sanitation course includes OSHA Blood-borne Pathogen, Bacteria, Viruses, Decontamination & Sterilization, Needle Disposable, Sanitation with Health Guidelines, Disease Transmission and Prevention. Online and 16 hours in classroom.

Anesthetics, pre and post procedure care

One (1) clock hour. History and types of Anesthetics, precautions, and pre and post procedure care and side effects.

Questions and Answers

One (1) clock hour. Common client questions and answers.

Shaping and Mapping the Brows

Three (3) clock hours. Shaping the brows, measuring, and adjustments.

Complications with Microblading

0.5 clock hour

Microblading complications and how to prevent and correct it.

Application

One (1) clock hour. Applying strokes, 3D effects, and different styles of microblading.

Marketing and Course Assignments

Nine (9) clock hours

Effective ways to market microblading. Includes homework assignments to write Bio, create marketing flyer, and build a Portfolio.

Client Forms and Course Assignments

Two (2) clock hours. Medical Health Form, Consent Form, and After Care Forms are necessary for insurance. Student creates forms.

Color Theory

Two (2) clock hours. Student learns the basics of color theory and microblading colors.

Practice Assignments

16 clock hours. Practice on grapefruit and simulated skin assignments. Written essays on findings and theory.

Hands-On

16 lab clock hours. Students practice on live models.

Landscape Essentials for Environmental Management

Program Description

This 80 clock-hour program covers landscape and maintenance of property grounds using hand or power tools and other equipment. Students will learn to perform a variety of tasks including, but not limited to, the following: mowing, power tool use, watering and sprinkler installation.

Program Overview

- 80 clock hour program.
- This is a hands-on program.
- Graduates receive a Certificate of Completion from Images Enterprises LLC.

Occupational Objective

Graduates will be prepared to obtain entry-level employment as an Outside Maintenance Worker, Gardener, Greens Keeper, Grounds Worker, Grounds/Maintenance Specialist, Utility Worker, and/or Grounds Maintenance Worker.

Information on Practical Training

Practical training takes place outside the school facility on school grounds.

Program Outline

Course Titles	Classroom Hours	Lab Hours	Total Hours
Module 1: Orientation, Time Cards, Service Reports	2	0	2
Module 2: Drip Irrigation Components	2	4	6
Module 3: Automatic Valve Assemblies	2	4	6

Module 4: Backflow Assemblies	2	4	6
Module 5: Sprinkler System Components and Assemblies	2	4	6
Module 6: Job Site Water Management	1	0	1
Module 7: Irrigation Controllers, Programming, Troubleshooting	2	4	6
Module 8: Safety Videos	4	0	4
Module 9: Testing	2	2	4
Module 10: Power Tools	0	24	24
Module 11: Jobsite Interviews, Foreman Duties	2	0	2
Module 12: Ride on Lawn Mower	0	8	8
Module 13: Backing Up Landscape Trailers	0	5	5
Total Clock Hours	21	59	80

Admission Requirements

A prospective student must meet the following requirements:

- Be at least 18 years of age
- Be able to read, write, speak and understand English
- Provide proof of High School Diploma or G.E.D or equivalent OR
- Pass the Wonderlic ATB test with a score of 12 or more administered by the Institute
- Complete an interview

The application and enrollment process begins with the completion of a general questionnaire and an initial interview with an admissions representative.

All applicants are required to have a personal interview with an admissions representative. The admission representative will discuss the various aspects of the training program offered, tuition, financing, and entrance requirements. If qualified, applicants may fill out application forms and complete the enrollment agreement or they may return to enroll at a later date.

Books

- Eii course manual by Jacqueline Fisher
- Plant identification cut sheets, safety equipment cut sheets.

Tools, Equipment and Technology Requirements

Tools and equipment needed for skills training are provided by the Institute and are available in the Landscape Essentials for Environmental Management classroom.

One per student

- Hand pruners
- Safety vest
- Gloves
- Safety glasses 1 per 2 students
- Blower
- Hedge Trimmer
- Lawn Mower
- Irrigation Clock (Instrumentation)
- Weed Eater
- Irrigation clock
- Irrigation valve assembly
- Backpack blowers
- Ladders

Graduation Requirements

- Maintain a minimum attendance rate of 85% of classroom hours
- Pass all required courses and exams
- Fulfill all financial obligations to the school

Requirements for Graduates to Practice

There are no local, state or national requirements for graduates to practice.

Graduate Employment Opportunities

Graduates are prepared for entry level landscape positions in the following industries:

- Landscape contracting firms
- Retail garden centers
- Wholesale greenhouses and nurseries
- Interior scape companies
- Golf courses and resorts
- Public gardens

Images Enterprises LLC does not guarantee job placement.

Tuition and Fees

Please see the tuition and fee schedule of this catalog for complete details on the tuition and fees for this program. Also, please see the Refund Policy for more information on which fees are refundable in the event that there is an interruption in enrollment.

COURSE DESCRIPTIONS

Module 1: Orientation, Time Cards, Services Reports

Two (2) clock hours. What landscape supervisors need to know; how to properly fill out time cards and job cost; how

to fill out service reports for jobs; principles of good landscape maintenance; qualities that make a good landscape lead.

Module 2: Drip Irrigation Components

Six (6) clock hours. Using irrigation supplies; reading architect's and engineer's scales; measuring and interpreting dimensions to scale; troubleshoot irrigation systems and leaks; assemble irrigation system; test the system.

Module 3: Automatic Valve Assemblies

Six (6) clock hours. How to troubleshoot a faulting valve; which valve assembly is right for each job; identify the valve and repair or replace; assemble an Automatic Valve Assembly; test the system.

Module 4: Backflow Assemblies

Six (6) clock hours. How to assemble a backflow system; identify systems; troubleshoot; assemble; test the system.

Module 5: Sprinkler System Components and Assemblies

Six (6) clock hours. Identify Sprinkler System Components; quiz on components; assemble a sprinkler system; test the sprinkler system and make repairs.

Module 6: Job Site Water Management

One (1) clock hour. State water requirements for irrigation and sprinkler systems; water management scales and schedules; water management reports.

Module 7: Irrigation Controllers, Programming, Troubleshooting

Six (6) clock hours. Types of irrigation controllers; how to program them; quick references; troubleshoot the controllers; make repairs and reset.

Module 8: Safety Videos

Four (4) clock hours. Each day starts with a safety video on job site safety and keeping the working environment safe to work.

Module 9: Testing

Four (4) clock hours. Using hands on testing and written testing ensures that the landscaper works with confidence and is ready to perform the task. Make up tests are available after each day of class.

Module 10: Power Tools

24 clock hours. How to properly use and maintain the Power Edgers, Weed Eaters, Lawn Mowers, Loppers, Hand Saws, Pole Saws, and many others; hands on training on proper pruning techniques; hands on training on professional landscape maintenance procedures approved by the Arizona Registrar of Contractors; power tool exam

and safety techniques.

Module 11: Jobsite Interviews, Foreman Duties

Two (2) clock hours. How to interview employees for the right job; what to look at in their resumes and applications; what is the Foreman duties and how to make sure the paperwork is done correctly.

Module 12: Ride-On Lawn Mower

Eight (8) clock hours. How to use ride on lawn mowers and push lawn mowers; how to clean them out; how to mow in direction for the best results; drive the ride on lawn mowers and load them.

Module 13: Backing Up Landscape Trailers

Five (5) clock hours. How to back the truck with a trailer; how to unload the trailer the quickest and most effective way; how to park the trailers in tight spots; how to park the trailer off the side of the road and out of the dangerous situations.

Forklift Operator

Program Description

The purpose of this program is to help students become a safe lift truck operator. This one-day course covers the safe operation of the most common type of forklift in use today: the sit down, counterbalanced forklift. Students review construction of the lift, inspection criteria, operational characteristics, load handling, center of gravity and the stability of the lift, fueling and general forklift information.

Program Overview

- Six (6) clock hour program.
- Program meets the Federal OSHA Standard 29 CFR1910.178.
- This is a hands-on program.
- Graduates receive a Certificate of Completion from Images Enterprises LLC.

Occupational Objective

Graduates will be prepared to obtain employment as a Forklift Operator in a variety of industries.

Program Outline

Course Titles	Classroom Hours	Lab Hours	Total Hours
Safety Manual	2	0	2
Forklift Practice	0	4	4
Total	2	4	6

Admission Requirements

A prospective student must meet the following requirements:

- Be at least 18 years of age
- Be able to read, write, speak and understand English
- Provide proof of High School Diploma or G.E.D or equivalent OR
- Pass the Wonderlic ATB test with a score of 12 or more administered by the Institute
- Complete an interview

The application and enrollment process begins with the completion of a general questionnaire and an initial interview with an admissions representative.

All applicants are required to have a personal interview with an admissions representative. The admission representative will discuss the various aspects of the training program offered, tuition, financing, and entrance requirements. If qualified, applicants may fill out application forms and complete the enrollment agreement or they may return to enroll at a later date.

Tools, Equipment and Technology Requirements

Tools and equipment needed for skills training are provided by the Institute and are available in the parking area outside of the classroom.

- One (1) front-load forklift*
- Training course traffic cones
- Wooden pallets for lifting exercises

*The Institute rents forklifts from a local equipment rental company and therefore is not responsible for the year of the forklift, condition of the equipment, etc.

Information on Practical Training

Practical training takes place outside the school facility in a coned-off area of the parking lot.

Graduation Requirements

- Maintain a minimum attendance rate of 85% of classroom hours
- Pass all required courses and exams
- Fulfill all financial obligations to the school

Requirements for Graduates to Practice

There are no local or state requirements for graduates to practice.

The OSHA Federal Regulation 29CFR1910.178, paragraph L, (6), Operator Training, Powered Industrial Trucks states that it is the employer's responsibility to train and evaluate each operator regardless of previous experience or prior training.

- It is the employer's responsibility to train, test, evaluate and authorize every one of their forklift operators.
- Training and Evaluation(s) are the employer's responsibility, regardless of previous experience or prior training.

Driving evaluation tests must be conducted and filed for each forklift operator for every forklift that they operate to include loaners, rentals or any new or used forklifts acquired.

Graduate Employment Opportunities

Graduates are prepared for entry level forklift positions in the following types of industries:

- Warehousing and Storage
- Building Material and Supplies Dealers Employment Services
- Grocery and Related Product Merchant Wholesalers
- General Freight Trucking

Images Enterprises LLC does not guarantee job placement.

Tuition and Fees

Please see the tuition and fee schedule of this catalog for complete details on the tuition and fees for this program. Also, please see the Refund Policy for more information on which fees are refundable in the event that there is an interruption in enrollment.

COURSE DESCRIPTIONS

Safety Manual

Two (2) clock hours. Students watch the Forklift Operator Training DVD and study the safety manual which covers safety requirements relating to the design, maintenance, and safe use of forklift trucks. The manual is designed to help students learn to evaluate the workplace and determine if loads can be safely moved.

Forklift Practice

Four (4) lab clock hours. The practice hours cover inspection of the equipment, lift limitations, understanding fulcrum and center of gravity, and safe operation in all phases of using the lift. The student will be responsible for demonstrating proper lift use and inspection.

Landscape Chemical Applicator

Program Description

This program provides students a thorough foundation in Chemical Application and enables them to sit for the Arizona Department of Agriculture CORE exam, C3 Ornamental & Turf exam and the C4 Right of Way exam.

This program is offered in both online and in-person formats; in both formats, students learn through direct instruction, class discussion, demonstrations, watching instructional videos, reading course materials and completing homework assignments.

Program Overview

- 120 clock hour program.
- Course work is offered in either in-class or online platform of professional training.
- Graduates receive a Certificate of Completion from Images Enterprises LLC.
- The total program cost includes Arizona Department of Agriculture application fee.
- Exam fees **are not** included in tuition cost. Students may purchase the state exams directly from an approved testing facility. Graduates receive a Certificate of Completion from Images Enterprises LLC.

Occupational Objective

Graduates of this 120-clock hour program should be able to obtain licensure as a Certified Applicator by the Arizona Department of Agriculture and acquire an entry-level position as a Landscape Chemical Applicator.

Program Outline

Course Title	Classroom Hours	Independent Study Hours	Total Hours
Orientation	2	0	2
Federal Pesticide Laws and Regulations, PPE, Pesticide Basics	28	12	40
CORE Review	12	26	38
Chemical Applicator	15	25	40
Total	57	63	120

Admission Requirements

A prospective student must meet the following requirements:

- Be at least 18 years of age
- Be able to read, write, speak and understand English
- Provide proof of their High School Diploma or G.E.D. or equivalent OR
- Pass the Wonderlic ATB test with a score of 12 or more administered by the Institute
- Submit to a background check to ensure eligibility to be licensed by the Arizona Department of Agriculture Please note that students who fail the background check will be dismissed from the program, as they will be unable to obtain licensure and gain employment as a Pest Control Technician
- Complete an interview

The application and enrollment process begins with the completion of a general questionnaire and an initial interview with an admissions representative.

All applicants are required to have a personal interview

with an admissions representative. The admission representative will discuss the various aspects of the training program offered, tuition, financing, and entrance requirements. If qualified, applicants may fill out application forms and complete the enrollment agreement or they may return to enroll at a later date.

Books

Eii course workbook by Jacqueline Fisher

Tools, Equipment and Technology Requirements

Tools, equipment and technology needed for training are provided by the Institute and are available in the program classrooms. These includes desks, chairs, computers, large screen TV, dry erase board, Microsoft PowerPoint, and instructional DVDs.

Graduation Requirements

- In-person format: maintain a minimum attendance rate of 85% of classroom hours
- Pass all required courses and exams
- Fulfill all financial obligations to the school

Requirements for Graduates to Practice

The Arizona Department of Agriculture requires anyone working as a Landscape Chemical Applicator in Arizona to be licensed as a Certified Applicator through their Office of Pest Management. The Landscape Chemical Applicator program is designed to train students to pass the exams required to gain licensure as a Certified Applicator and be able to work as a Landscape Chemical Applicator in Arizona. The program is not designed for students who wish to work as a Landscape Chemical Applicator in any other state.

To maintain the state license as a Certified Applicator, graduates must complete continuing education units (CEU's) and pay a \$75 license renewal fee (subject to change) to the Arizona Department of Agriculture Office of Pest Management each year. Fees for the CEU's and license renewal are often, but not always, paid for by the Applicator's employer.

Graduate Employment Opportunities

- Charter and Public Schools
- City, County and State Governments
- Commercial Properties
- Home Owners Associations
- Hotels and Resorts
- Landscape Maintenance Companies
- Property Management Companies

Images Enterprises LLC does not guarantee job placement.

Tuition and Fees

Please see the tuition and fee schedule of this catalog for

complete details on the tuition and fees for this program. Also, please see the Refund Policy for more information on which fees are refundable in the event that there is an interruption in enrollment.

COURSE DESCRIPTIONS

Orientation

Two (2) clock hours. Students are welcomed to the program and informed of the program format, content, schedule, and expectations. Students receive their course books and study guides and receive assistance in completing their Arizona Department of Agriculture license application.

Prerequisites: Admission to the program.

Federal Pesticide Laws and Regulations, PPE, Pesticide Basics

40 clock hours. In this course, students learn the history of pests and the types of methods to control pests. Students learn 13 different control methods. Pest environment and identification. Federal Pesticide Laws and Regulations. Students learn how and why pesticides are regulated in the United States. Maintaining accurate records of pesticide applications, storage, disposal, and EPA federal laws. Students learn FIFRA dates, timeline, civil and/or criminal penalties. Registration and EPA violations and federal penalties. Students learn FFDCA statutes. Students read National Pesticide Applicator Certification CORE Manual, work out of Eii Workbook and PowerPoint presentation with instructor lecture. Calibrations and mathematical instruction on white board, sample chemical labels, and class discussion.

Prerequisites: Completion of Orientation.

CORE Review

38 clock hours. In this course, Instructor reviews CORE sections of the course with quiz, PowerPoint slide identification, class discussion and demonstration. Chemical label discussion and practice demonstrating mathematical calibration. Videos and workbook review. Students take pre-exams and review.

At the conclusion of the course, the student will schedule his/her state exam for CORE at an approved testing facility. Student has 3 exam tries with an exam fee for each time the exam is taken. In the event, the student fails the third time, the student may retake the exam after 6 months with an additional exam fee.

Prerequisites: Completion of Federal Pesticide Laws and Regulations, PPE, Pesticide Basics Chemical

Applicator Exams Preparation

40 clock hours. In this course, students learn C3 Ornamental & Turf and C4 Right of Way for the Arizona Department of Agriculture. Topics covered include maintenance of weeds near and on public roads, power

lines and pipe lines, maintenance of ornamental trees, shrubs, flowers, and turf by a means other than use of the fumigant, how to identify common weeds in the southwest, how to prepare an integrated pest management system (IPM), how to read and understand the Material Safety Data Sheets, and how to safely apply chemicals per the manufacturer's label.

At the conclusion of the course, the student will schedule his/her state exam for Weed and Right of Way at an approved testing facility. Student has 3 exam tries with an exam fee for each time the exam is taken. In the event, the student fails the third time, the student may retake the exam after 6 months with an additional exam fee.

Prerequisite: Successful completion of the CORE exam.

Pest Control Technician

Program Description

This program provides students a thorough foundation in Chemical Application and enables graduates to sit for the Arizona Department of Agriculture CORE exam and basic pest control exam.

Program Overview

- 120 clock hour program.
- Course work is offered in both online and in-person formats; in both formats, students learn through direct instruction, class discussion, demonstrations, watching instructional videos, reading course materials and completing homework assignments.
- Graduates receive a Certificate of Completion from Images Enterprises LLC.

Occupational Objective

Graduates of this 160 clock hour program should be able to obtain licensure as a Certified Applicator by the Arizona Department of Agriculture and acquire an entry-level position as a Pest Control Technician.

Program Outline

Course Title	Classroom Hours	Independent Study Hours	Total Hours
Orientation	2	0	2

Accounting & Bookkeeping with QuickBooks & Payroll Management

Program Description

This 160 clock-hour (4-week) program provides a thorough foundation in accounting and bookkeeping and enables students to perform basic and intermediate accounting and bookkeeping duties.

This program is offered in both online and in-person formats; in both formats, students will learn through direct instruction, class discussion, demonstrations, watching instructional videos, reading course materials and completing homework assignments. **Online format** students have up to 6 months to complete the program.

Occupational Objective

Graduates will be prepared to obtain an entry-level accounting and bookkeeping position, such as Accounting Assistant, Financial Clerk, Bill and Account Collector, Billing and Posting Clerk, Bookkeeping, Accounting and Auditing Clerk, or Payroll & Timekeeping Clerk.

Program Overview

- 160 clock hour program.
- Course **does not** include QuickBooks Certification exam. The student may purchase QuickBooks Certification exam directly from any Certiport Testing Facility.
- Graduates receive a ***Certificate of Completion*** from Images Enterprises LLC and a ***Certificate of Qualification*** in QuickBooks Software from Images Enterprises, LLC.

QuickBooks Certification Exam

- Passing the Certiport QuickBooks exam is not required to graduate from the program.
- At the conclusion of their coursework, students may take the QuickBooks exam at any Certiport authorized testing facility, including Images Enterprises, Inc.
- A student who passes the Certiport QuickBooks Exam receives a ***Certificate of Qualification*** in QuickBooks Software from Images Enterprises, LLC.

Program Outline

Course Title	Classroom Hours	Lab / Independent Study Hours	Total Hours
Orientation	1	0	1
Fundamentals of Accounting and Bookkeeping	32	7	39

COURSE DESCRIPTIONS

Orientation

One (1) clock hour. Students are welcomed to the program

and informed of the program format, content, schedule, and expectations.

Fundamentals of Accounting and Bookkeeping

39 clock hours. Students learn the foundations of accounting, including how to read and prepare Balance Sheets, Profit & Loss Statements, Corrections & Adjustments, Accounts Payable, Accounts Receivable, Costing, Coding, Bank Reconciliation, Credit Card Entries, and much more.

QuickBooks 1

40 clock hours. Students learn QuickBooks hands-on by utilizing the QuickBooks Pro Software. Students will become familiar with QuickBooks and learn how to set up a new company and enter and manage employees, salaries, benefits, etc.

QuickBooks 2

40 clock hours. Building on skills and knowledge gained in QuickBooks 1, students learn how to manage Direct Deposit, Expense Accounts, and Liability Accounts utilizing the QuickBooks Pro Software.

Payroll Management

36 clock hours. Students learn Payroll Management, which includes Employee Cost, Set Up, Payroll Processing, Issuing Checks, Billable Labor Costing, Non-Billable Labor Costing, Employers Quarterly Taxes, Annual Year End Employers Taxes, Processing Tax Forms, and W-2s.

Resume Building

Four (4) clock hours. Students learn how to create an effective and powerful resume. The course covers the purpose, standard sections and formats of resumes in the accounting and bookkeeping field. Students learn how to decide what to include on their resume, how to best highlight their strengths and potential, and how to avoid common resume mistakes.

Construction Office Administrator with Microsoft Office Specialist Training

Program Description

This program trains students in the essential terms, skills and duties commonly required of a Construction Office Administrator. These include job estimates and bids, blueprint reading basics, construction worker time management, construction billing, office management, basics in construction bookkeeping with QuickBooks, and 2016 Microsoft Office Specialist training.

After a two-hour on-campus orientation, students receive 78 hours of training in an online, self-paced format. Upon completion of the online courses, students come to campus for 120 hours (3 weeks) of Microsoft Office software training followed by 200 hours (5 weeks) of in-person training and skills practice in a simulated real-world setting. Throughout the program, students will learn through variety of instruction methods, including direct instruction, class discussion, white-board demonstrations, watching instructional videos, reading course materials and completing homework assignments.

Program Overview:

- 400 clock hour program
- Students have up to 6 months to complete the program.
- Graduates receive a **Certificate of Completion** from Images Enterprises, LLC. as well as a **Certificate of Qualification** in Microsoft Office Software from Images Enterprises, LLC.

Microsoft Office Specialist (MOS) Certification exam

- Passing the Certiport MOS exam is not required to graduate from the program.
- Course does not include Microsoft Office Specialist (MOS) Certification exam, student may purchase Certification exam directly from any Certiport Testing Facility.
- At the conclusion of their coursework, students may take the 2016 Microsoft Office Specialist (MOS) exam at any Certiport authorized testing facility, including Images Enterprises, Inc.
- Microsoft Office Specialist certification will be awarded only after passing the Certiport certification exam.

Occupational Objective

Graduates of this 400-clock hour program should be able to obtain a position as an entry-level Administrative Assistant in the construction industry.

Program Outline

Course Title	Clock Hours
Orientation	2
Introduction	1
Construction Office Vocabulary	12
Front Desk Essentials	12
Office Administration Essentials	25
Construction Office Essentials	28
2016 Microsoft Office Specialist (MOS) Training	120
Construction Office Administration with QuickBooks	200
Total Program Clock Hours	400

Admission Requirements

A prospective student must meet the following requirements:

- Be at least 18 years of age
- Be able to read, write, speak and understand English
- Provide proof of High School Diploma or G.E.D or equivalent OR
- Pass the Wonderlic ATB test with a score of 12 or more administered by the Institute
- Complete an interview

The application and enrollment process begins with the completion of a general questionnaire and an initial interview with an admissions representative.

All applicants are required to have a personal interview with an admissions representative. The admission representative will discuss the various aspects of the training program offered, tuition, financing, and entrance requirements. If qualified, applicants may fill out application forms and complete the enrollment agreement or they may return to enroll at a later date.

Books and Supplies

- Eii course manual and workbook by Jacqueline Fisher
- Microsoft Office Specialist (MOS) book by Pearson
- Blue Print cut sheets
- Arizona Registrar of Contractors rules and regulations cut sheets by AZROC
- Estimating take off forms and Prevailing Wage forms
- USB Drive

Tools, Equipment and Technology Requirements

- Tools, equipment and technology needed for training are provided by Images Enterprises LLC and are available in the program classrooms and lab spaces. Coursework must be completed on a PC computer with high speed internet access, email and the following programs installed: Adobe Flash Player,

Adobe Reader, Windows XP or newer operating system, IE7 or newer web browser,

- Microsoft Office 2010 or newer with Word, PowerPoint, Excel, Outlook. Students without access to these requirements may use the School's computer lab to complete their coursework during normal school hours.

Graduation Requirements

- Maintain a minimum attendance rate of 85% of classroom hours
- Pass all required courses with cumulative grade of 70%
- Fulfill all financial obligations to the school

Requirements for Graduates to Practice

There are no local, state or national requirements for graduates to practice.

Graduate Employment Opportunities

Graduates will be prepared for entry-level employment as an Administrative Assistant in the construction industry.

Images Enterprises LLC does not guarantee job placement.

Tuition and Fees

Please see the tuition and fee schedule* of this catalog for complete details on the tuition and fees for this program. Also, please see the Refund Policy for more information on which fees are refundable in the event that there is an interruption in enrollment

COURSE DESCRIPTIONS

Orientation

Two (2) clock hours. In this campus-based course, students are welcomed to the program and informed of the program format, content, schedule, and expectations. Students receive their course books and study guides and receive a tour of the school and resources facilities.

Prerequisites: Admission to the program

Introduction

One (1) clock hour. This online course introduces students to the role of the Office Manager in the construction industry. Course outlines expectations for the program and outcomes for graduates.

Prerequisites: Completion of Orientation

Construction Office Vocabulary

12 clock hours. This online course teaches students vocabulary words, terms and definitions that are critical to a career as an Office Manager in the construction industry.

Prerequisites: Completion of Introduction

Front Desk Essentials

12 clock hours. This online course teaches students how to conduct Front Desk duties, including answering phones professionally, managing calendars, paper and electronic filing, time management and making professional travel arrangements.

Prerequisites: Completion of Construction Office Vocabulary

Office Administration Essentials

25 clock hours. This online course teaches students how to conduct the day-to-day operations of an office, including taking notes, creating and completing business forms, writing business letters, business planning, making financial projections, providing customer service.

Prerequisites: Completion of Front Desk Essentials

Construction Office Essentials

28 clock hours. Students learn how to conduct the day-to-day operations of a construction company office, including job costing, job estimates and bidding, blueprint reading, construction billing, change orders, contract development and management, staff and construction worker management, and more.

Prerequisites: Completion of Office Administration Essentials

2016 Microsoft Office Specialist (MOS) Training

120 clock hours. In this three-week on-campus course, students learn how to use Microsoft Office software programs, including Word, Excel, PowerPoint and Access. At the conclusion of the course, students are prepared to take the 2016 Microsoft Office Specialist training with MOS Certification Exam offered through Certiport at any approved testing facility, including Eii.

Prerequisites: Completion of Construction Office Essentials

Construction Office Administration with QuickBooks

200 clock hours. Students practice and build upon their newly-acquired construction office administration skills and knowledge in the classroom and in a simulated office setting. Students learn the basics of QuickBooks Pro Software, including costing, coding, direct deposit, payroll and taxes, and gain a more in-depth understanding of job costing, job estimates, blue print reading and more.

Payroll Clerk with Microsoft Office Specialist Training

Program Description

This program trains students in the essential terms, skills and duties commonly required of a Payroll Clerk. These include professional phone etiquette, gathering payroll information, payroll processing, QuickBooks Payroll software, tax forms, basic payroll laws, end of year forms, and 2016 Microsoft Office Specialist training.

After a two-hour on-campus orientation, students receive 78 hours of training in an online, self-paced format. Upon completion of the online courses, students come to campus for 120 hours (3 weeks) of Microsoft Office software training followed by 120 hours (3 weeks) of in-person training and skills practice in a simulated real-world setting. Throughout the program, students will learn through variety of instruction methods, including direct instruction, class discussion, white-board demonstrations, watching instructional videos, reading course materials and completing homework assignments. Students have up to 6 months to complete the program.

Program Overview

- 320 clock hour program
- Students have up to 6 months to complete the program.
- Graduates receive a **Certificate of Completion** from Images Enterprises, LLC, as well as a **Certificate of Qualification** in Microsoft Office Software from Images Enterprises, LLC.

Microsoft Office Specialist (MOS) Exam

- Passing the Certiport MOS exam is not required to graduate from the program.
- Course does not include Microsoft Office Specialist (MOS) Certification exam, student may purchase Certification exam directly from any Certiport Testing Facility.
- At the conclusion of their coursework, students may take the 2016 Microsoft Office Specialist (MOS) exam at any Certiport authorized testing facility, including Images Enterprises, Inc.
- Microsoft Office Specialist certification will be awarded only after passing the Certiport certification exam.

Occupational Objective

Graduates of this 320-clock hour program area prepared to seek employment as an entry-level Payroll Clerk.

Program Outline

School Policies

Admissions Policies

Application Process

1. Complete an admissions application.
2. Take the Wonderlic test (if required)
3. Complete a personal interview with an admissions representative/program director
4. Receive, read and sign all required pre-enrollment disclosures
 - School Catalog
 - Enrollment Agreement
 - Financial arrangement to cover tuition and fees

Admission Exam

The Institute utilizes the nationally recognized Wonderlic exam. The Wonderlic test measures students' ability to acquire and use knowledge and skills. Student's cognitive ability is also measured. The test provides the best support to interpret student capabilities across both school and work environments.

Admission Decision

The program director has the responsibility to review and approve each enrollment agreement and to ensure that the applicant has met the proper criteria in accordance with admission standards. Applicants who are denied admission are notified promptly and any fees paid are refunded.

The final determination for admission is based on motivation, appropriate attitude, ability-to-benefit, employment potential and general attitude for the chosen field. Applicants are assessed on an individual basis to determine their ability to successfully complete the course of study.

Enrollment

Prospective students may enroll anytime. Late enrollments will be accepted on a case-by-case basis and may require extended study hours/days.

Re-Enrollment and Re-Admission

Students wishing to re-enroll after a period of non-attendance will be required to submit a new application. Students who were terminated due to unsatisfactory attendance, unsatisfactory academic progress or breach of the Code of Conduct may be re-admitted only at the discretion of the Institute.

Previous Training

The Institute does not award credit for acquired life experience, prior experiential learning or education or training from other institutions, nor does it consider these factors in admissions decisions.

Statement of Non-Discrimination

No person shall be excluded from participation, denied any benefits, or subjected to any form of discrimination based on sex, race, age, creed, religion, national origin or physical disability.

Academic Policies

Attendance Policy

If a student must be tardy or absent, he/she should inform the Institute via phone no later than 30 minutes prior to class. Attendance requirements for graduation are listed in the catalog under each individual program.

Please note: The Institute's attendance policy approximates the expectations found in a work situation. It is essential that each student learn the discipline of regular and prompt attendance as well as the skills involved in the work place. At the time the student moves from education and training into a career, employers will be very interested in dependability and punctuality. No matter how skilled the person, an employee is valuable only when present on the job. The faculty and staff of the Institute consider each moment in class imperative for success.

Course Incompletes

An "incomplete" cannot be given as a final grade. However, at the end of the program a student may, with Management's approval, be granted an extension of no more than ten (10) days of class in order to complete all the required course work, assignments, and tests. The extension cannot be used to make up accrued absences from class. If the student does not complete the required course work, assignments, and tests within the extension period, he/she will receive a grade of "F" or "zero", which will be averaged with the students other grades to determine the grade point average.

Grading System

Grades are based on assignments, tests, and examinations given with each unit of learning. The minimum acceptable passing grade for exams is 70%.

The Grading Scale is as follows:

Pass/Fail	ALPHA	NUMERIC
Pass	A	92-100
Pass	B	83-91
Pass	C	75-82
Pass	D	70-74
Fail	F	0-69

Make-Up Work

Assignments and projects not completed on schedule during a course must be made-up within the time frame of that course (by the last day of the course). Arrangements to submit makeup work **MUST** be made with the instructor. There is no charge for make-up work.

Probation

The Institute does not place students on probation. Students should closely monitor their academic performance and contact the Program Director for assistance if they are in danger of making unsatisfactory academic progress.

Satisfactory Academic Progress

A 70% passing grade will apply for all examinations. For all skills evaluations, grading will be based on a pass or fail system. Students who do not pass a lab skill may repeat the evaluation twice, for a total of three tries. If a student fails to meet the standard after three attempts, or if their cumulative grade drops below 70%, they will be considered not making satisfactory academic progress and will be terminated from the program. The Institute shall refund the student according to the Cancellation and Refund Policy.

Student Policies

Change of Address

When students have a change of address, they must notify the Management immediately. It is very important that the Institute has the correct address and phone number of students.

Class Schedules

Class schedules are set by the discretion of Images Enterprises LLC. Therefore, classes may be combined and times changed. The Institute will make every effort to provide notice to students by phone in advance of class schedule changes. Classes can be scheduled on holidays and off hours for your convenience.

The Institute reserves the right to cancel a class due to insufficient registration. If we cancel a class due to low enrollment or other reasons, you will be notified by phone before the class start date, and we will automatically issue a school credit to the student's account or refund any monies paid toward to the class.

Customer Service

All students may contact customer service about any question or issue by emailing support@eiitraining.com.

Dress Code

Hair must be clean and neat. All facial hair must be clean and trimmed. Students must always be properly attired,

which means wearing shirts with sleeves (no tank tops), long pants, and rubber- soled tennis / work shoes (no bare feet, sandals, canvas-type or slick-soled shoes are allowed for safety purposes). No excessively loose clothing is allowed.

Grievance Procedure

Students seeking to resolve problems or complaints should at first contact the school's faculty and/or staff orally to see if the problem or complaint can be resolved informally.

Informal Process

The student will be asked to discuss the matter directly with an instructor or administrator. That instructor or administrator will engage in an informal process endeavoring to settle the dispute in good faith. That informal process will involve three steps:

- an effort to define the problem,
- an effort to identify acceptable options for resolution, and
- an attempt to resolve the conflict through the application of one or more of those options for resolution.

Formal Process

Only after the informal process is exhausted and the student remains unsatisfied should the student submit their complaint through the formal process. To do so, the student must submit a written complaint to the School Director or designee. Any formal complaints shall include a description of the specific allegations and the desired remedy, accompanied by any available documentary evidence and statements from other parties and witnesses.

- 1) The School Director or designee shall respond in writing that a complaint has been received within two (2) business days of receipt, acknowledging receipt of the complaint and either responding to the complaint immediately or requesting two (2) business days to investigate and respond to the complaint.
- 2) All formal (written) complaints will be recorded into the institution's official log. After the investigation is complete, but no later than ten (10) business days after receipt of the complaint, the institution shall respond to the complaint.

If the student complaint cannot be resolved after exhausting the institution's grievance procedure, the student may file a complaint with the Arizona State Board for Private Postsecondary Education. The student must contact the State Board for further details.

The State Board address is:

Arizona State Board of Private Postsecondary Education
1740 W. Adams, Suite 3008
Phoenix, AZ 85007
Phone: 602-542-5709
www.azppse.gov

Inclement Weather

The Institute may cancel classes when inclement weather conditions occur. Students should listen to local radio stations for announcements as to public and private school closings. Students will not be considered absent on these days.

Leave of Absence

At the discretion of the Institute, a Leave of Absence (LOA) may be granted if the student is unable to complete the program due to personal circumstances or illness. At the discretion of the Institute, a student may take one leave of absence for a maximum of 60 days. In the case of a student's prolonged illness or injury, or other circumstances that make it impractical to complete the program, the Institute shall refund the student according to the Cancellation and Refund Policy.

Student Code of Conduct

Students must adhere to the rules and regulations of the training center. Those students whose conduct reflects discredit upon him or herself or the Institute may be subject to termination. Each student must adhere to conduct that will not interfere with the learning process of other students, the classroom presentation by the instructor, presentations by visitors, or the progress of the class or the Institute in general.

The Institute's administration reserves the right of judgment to terminate a student on any of the following grounds:

- Non-conformity of the rules of the Institute
- Conduct that is unsatisfactory to the Institute, its staff, faculty, and/or its students
- Unsatisfactory academic progress
- Excessive absences or tardiness
- Failure to pay fees when due and/or to make available required documents
- Cheating on tests or exams
- Falsifying Institute records
- Breach of the Enrollment Agreement
- Demonstrating poor judgment or inability to perform properly and/or professionally
- Entering the Institute's premises while under the influence of alcohol, drugs, or narcotics
- Carrying a concealed or potentially dangerous weapon
- Using, selling, buying, distributing, or offering for sale any illegal substance
- Aiding, abetting, or inciting others to commit an act

that would detract from the normal operation of the Institute

- Theft

Student Records

The Institute will maintain student records as required by state law. Student transcripts will be maintained indefinitely. Students have a right to access their records anytime that the institution is open and during normal business hours. Students desiring to view their records may request to see their records in the school office during normal business hours or may schedule a time to review records that is convenient to both the student and the school administration.

Transcript Request

A student may obtain a permanent transcript of your grades from the School President. Educational records will not be released to students until all financial obligations to the Institute are fulfilled.

Termination Policy

Students to be terminated will be notified in writing and may appeal to the School Director, or in the School Director's absence to the Program Director, within 2 business days of receiving their Notice of Termination.

Withdrawal after Commencement of Classes

The Institute's policy for determining the effective date of termination is the date on which the Institute receives written notice of the student's intent to discontinue training or the date on which the student violates an Institute policy which results in a decision of termination.

STUDENT SERVICES

The Institute offers student activities and services that enhance the student's learning experience as well as assists students to prepare for employment. These include student advisement, payment advising and academic counseling.

The school does not offer placement assistance. While the school may assist in job search, we make no guarantee, expressed or implied, of future employment. Current law prohibits any school from guaranteeing job placement as an inducement to enroll students.

The school has a small reference library on campus open to students. Students have access to wireless internet, reference texts and materials useful in completing their program of study. Materials are to be used on campus and are available during normal class hours.

FINANCIAL INFORMATION

Payment Options

All students may pay the total charges for their program by cash, credit card or check. The Institute does not offer scholarships, but tuition discounts are available. Please see the Tuition & Fees Section for program-specific information.

Military Discount

Eligible members of the military veterans and service members may receive 10% military discount. Veterans, service members and their spouses qualify for 10% discount.

Federal Financial Aid

The Institute **does not** offer state or federal financial aid programs.

Cancellation & Refund Policy

If for any reason an applicant is not accepted by the Institute, the applicant is entitled to a refund of all monies paid.

Three-Day Cancellation

An applicant who provides written notice of cancellation within three days (excluding Saturday, Sunday and federal and state holidays) of signing an Enrollment Agreement is entitled to a refund of all monies paid. No later than 30 days of receiving the notice of cancellation, the school shall provide the 100% refund.

Other Cancellations

An applicant requesting cancellation more than three days after signing an Enrollment Agreement and making an initial payment, but prior to entering the Institute, is entitled to a refund of all monies paid, less the registration fee of \$100.

Refund After the Commencement of Classes:

1. Procedure for withdrawal/withdrawal date:
 - A. A student choosing to withdraw from the Institute after the commencement of classes is to provide written notice to the Director of the Institute. The notice is to indicate the expected last date of attendance and be signed and dated by the student.
 - B. For a student who is on authorized Leave of Absence, the withdraw date is the date the student was scheduled to return from the Leave and failed to do so.
 - C. A student will be determined to be withdrawn from the institution if the student has not attended any class for 30 consecutive class days. The last date of attendance is the last date the student posted attendance either online or in-seat.
 - D. All refunds will be issued within 30 days of the

determination of the withdrawal date.

2. Tuition charges/refunds:

- A. Before the beginning of classes, the student is entitled to a refund of 100% of the tuition (less the registration fee of \$100).
- B. After the commencement of classes, the in-class tuition refund (less the registration fee of \$100) amount shall be determined as follows:

% of the clock hours attempted:	Tuition refund amount:
10% or less	90%
More than 10% and less than or equal to 20%	80%
More than 20% and less than or equal to 30%	70%
More than 30% and less than or equal to 40%	60%
More than 40% and less than or equal to 50%	50%
More than 50%	No Refund is required

The percentage of the clock hours attempted is determined by dividing the total number of clock hours elapsed from the student's start date to the student's last day of attendance, by the total number of clock hours in the program.

Forklift Program Only: As a short-term program consisting of six hours of coursework, the Institute will follow the above published pro-rata refund policy for a student who starts the program and who notifies the school that he/she does not wish to complete all the scheduled hours. In this case, a student's start date and last date of attendance are the same, and the number of hours attended will be divided by six (6) to determine the percentage of clock hours attempted and the corresponding tuition refund amount.

Books, supplies and fees: Books, materials or supplies returned to the school in new, unopened and unused condition within 10 days of the notice of cancellation will be refunded. Any books, materials or supplies not returned in new, unopened and unused condition within the 10-day return period will not be refunded, and their cost will be deducted from any refund that may be due.

Refunds will be issued within 30 days of the date of student notification, or date of Institute determination (withdrawn due to absences or other criteria as specified in the Institute catalog), or in the case of a student not returning from an authorized Leave of Absence (LOA), within 30 days of the date the student was scheduled to return from the LOA and did not return. If any portion of your tuition was paid from loan proceeds, the refund will be sent to the lender or agency that guaranteed the loan. Any remaining refund amount will first be used to repay any agencies from which you received benefits, to the extent of benefits received. Any remaining amount will be paid to you the student.

Tuition and Fees

The Tuition and Fees for the Institute Permanent Makeup programs are as follows.

PERMANENT MAKEUP PROGRAMS	Basic Permanent Makeup	Complete Permanent Makeup	Deluxe Permanent Makeup	Microblading Specialty Program
Total Clock Hours	40	60	100	60
Registration Fee (Non-refundable after 3-day cancellation period.)	\$100.00	\$100.00	\$100.00	\$100.00
Book Fee/Online Seat Fee	\$100.00	\$100.00	\$100.00	\$100.00
Supplies	N/A	N/A	\$300.00	N/A
Tuition for the entire program	<u>\$2,100.00</u>	<u>\$3,000.00</u>	<u>\$3,495.00</u>	<u>\$2,600.00</u>
Total Charges for the Program Selected	\$2,300.00	\$3,200.00	\$3,995.00	\$2,800.00

PAYMENT OPTIONS

Each of the following payment options is available to all students. This information is provided on each student's Enrollment Agreement. Students may pay the total charges for their program by cash, credit card or check.

1. Full Payment Option with Cash Discount Option <i>The cash discount is applied after the payment of the \$100 Registration Fee</i>	\$1,650.00	\$2,600.00	No discount available	\$2,400.00
2. Partial Payment/Financing Option <i>Partial payment option available after payment of \$100 Registration Fee</i>				
Payment of 50% of the remaining charges for the program due with the signed Enrollment Agreement	\$1,100.00	\$1,550.00	\$1,947.50	\$1,350.00
Amount remaining subject to financing	\$1,100.00	\$1,550.00	\$1,947.50	\$1,350.00
Annual Percentage Rate. <i>The cost of your credit as a yearly rate. *Prior credit experience is used to determine whether or not the loan is approved (18% interest rate applies)</i>	18%	18%	18%	18%

INSTITUTION INFORMATION

Faculty

Jacqueline Fisher

Permanent Makeup Programs & Business Programs

Jacki Berry-Fisher is a Branded Permanent Cosmetics Instructor, Mentor, Founder and Educational Director at Images Enterprises LLC. She has a background in business and accounting, as well as Certification as an AIIC Permanent Cosmetic Instructor, Master in Permanent Cosmetics, Licensed Aesthetician, Licensed Cosmetology Instructor, Arizona Board of Cosmetology Licensed and Medical Skin Technician. She brings over 20 years' experience to the Industry and teaches around the world for other schools and doctors in the industry.

Additionally, Ms. Berry-Fisher was the Vice-President of a vocational college with several locations around the United States. Images Enterprises LLC Training also offers vocational training in the areas of blueprint reading, landscape essentials, forklift training and flagger training.

Jacki loves teaching and bringing out the gifts and ideas in her students. Her gentle touch and professional backgrounds create a comfortable experience for her students and clients.

Vera Talbot

Permanent Makeup Programs

Vera Talbot is one the most requested instructors in Permanent Cosmetics and Paramedical Intra-dermal Cosmetics. She comes with 20 years' experience in teaching, an intensive medical background, and follows strict sanitation practices. Vera is very experienced in new techniques and continues her education and training all over the world to BRING YOU THE NEW TECHNIQUES.

Students love her tips, training and classes. Her positive personality shows through to her graduates. Vera is the spouse of a highly recognized Navy Seal and is part of our "Vets Teaching Vets Program".

Michael Berry

Construction and Landscape Programs

Mike Berry is 4th generation in construction and has held many jobs including Laborer, Foreman, Safety Supervisor and Construction Supervisor. He holds a US Federal OSHA Instructor License. He's been in the education field and working in vocational colleges since 2007.

Mike's experience in the educational industry includes Enrollment Representative, Administrative, Manager, Director of Campus/Location, Regional Director, Instructor, and career counselor. Mike enjoys working with students, hands on, to show you how to obtain the skills to do your job fast and effective and to be in demand at work.

Chris Fisher

Construction and Landscape Programs

Chris Fisher is 3rd generation in construction and has been teaching and coaching in the construction industry for 30 years including as an OSHA Safety Officer and teaching job improvement skills. He has been a State Licensed Instructor for ADOT and Examiner for over 8 years.

He has 30 years of experience as a Licensed Contractor with the Arizona Registrar of Contractors. Mr. Fisher has held many jobs as Laborer all the way up to Supervisor, Safety Supervisor, Construction Supervisor and Estimator. He knows how to get you out of the rut and into making money you deserve!

Chris is also the founder of CF Landscaping & Maintenance and Images Landscaping. He has earned ALCA Certification, Arborist Certification and License, State Certified at Spray Technician, US Federal OSHA Instructor License, Red Cross Instructor Certification, and many other certifications that allows him to train, test, and certify you. His credentials and expertise will assist you in receiving the training you need to advance in your construction or landscaping job.

Enrollment Start/End Dates

On-Site Programs: The dates listed are for the start and end dates of the on-site, in-seat program option.

Online program: The Institute has open enrollment for all online program. Students who attend online can begin at any time in the self-paced format; student must complete within six months.

Hybrid programs: The Institute offers some programs in a hybrid learning format which means the training is offered both online and in-seat. The student can enroll and begin their studies at any time in these programs; students must attend both portions of the training to complete the program.

Online: A student in this program begins with self-paced online training.

In-seat: Once the online training is completed, the student must complete the in-seat portion of the training - at the Institute campus - beginning on one of the following start dates. The end date is for the in-seat portion of the program only.

On-site class dates are subject to change based upon the number of students enrolled.
